## What is 'Smart Luggage'?

'Smart Luggage' is a parametric insurance policy, which means that any claims processing time is drastically reduced by using automated technology to validate and pay claims.

'Smart Luggage' provides cover if **your checked luggage** is delayed or lost as a result of an airline or airport's mishandling of it and the following represents the benefits, maximum sums payable and number of claims allowable per **policyholder** and per **covered person per trip**.

### Checked luggage benefit

- £50 for **checked luggage** that is delayed and cannot be located on the **carousel** within the **waiting period** at the **destination airport** by the Customer Services desk or Luggage Handling desk on arrival at that airport.
- £500 for **checked luggage** that is deemed lost and cannot be located by the Customer Services desk or Luggage Handling desk at the **destination airport** after 48 hours from the time it was registered with [www.smartluggage.io](http://www.smartluggage.io) as delayed or missing.
- On a Single **trip** policy, the **policyholder** and each **covered person** can claim for one item of **checked luggage** on each leg of a **trip** ie; both outbound and inbound.
- On an Annual Multi **trip** policy, the **policyholder** and each **covered person** on **your policy** can claim for one item of **checked luggage** on each leg of a **trip** ie; both outbound and inbound up to a maximum of 3 **trips** each, within the **period of insurance** for **your policy**.

### How to use your 'Smart Luggage' policy

Please read this section carefully as it explains how to make **policy** cover operative by registering **your trip** details before **you** travel and what to do if **you** need to make a claim for delayed or lost **checked luggage** during **your trip**.

## Before you travel

For this **policy** to be operative **you** must register for 'Smart Luggage' cover at least 24 hours in advance of **your** outbound **trip** flight departure(s) by visiting [www.smartluggage.io/register](http://www.smartluggage.io/register)

1. On accessing this website **you** will need to provide the **policyholder's** email address and the Smart Luggage policy number as found in the **policy schedule**.
2. To ensure timely payment in the event of a valid claim **you** will be asked for **your** preferred payment method such as a bank account number or PayPal account number. It is important that **you** provide **us** with this information at this stage so that any valid claims made can be paid out automatically to **you**. Please note that if **you** choose not to provide payment method information at this stage this will cause an inevitable delay to any valid claim payments being made to **you**.
3. You will also need to provide the names of each **covered person** if any, that will be travelling with **you** on **your trip** using the tick box at the side of their name.
4. **You** must register all separate and additional **trip(s)** and the respective **covered persons** involved, at least 24 hours in advance of **your** departure and using the same log-in details and instructions as shown above.

## Making a claim at the destination airport

If **you** find that **your checked luggage** has not arrived as expected at **your destination airport**, **you** must inform the Customer Services desk or Luggage Services desk at that **destination airport** that **your checked luggage** has not arrived on the **carousel**.

In the event that they are unable to locate **your checked luggage** the Customer Services desk or Luggage Services desk will provide **you** with a SITA proof of loss receipt for **your checked luggage** containing a Personal Identification Reference Number (PIR). **You** must keep this receipt and PIR safe and use it to report **your checked luggage** as delayed or lost as instructed below:-

1. To report **your checked luggage** as delayed or lost, log into [www.smartluggage.io/claim](http://www.smartluggage.io/claim) and click on REPORT LUGGAGE.
2. From here, follow the step-by-step process as shown therein by following the above Uniform Resource Locator (URL) address. **You** will be asked to take a photograph of the proof of loss receipt containing the PIR provided to **you** by the Customer Services desk or Luggage Services desk and to upload it on to **our** site accordingly. On receipt of this information **we** will begin searching for **your** missing **checked luggage**.

Where it has been confirmed that **your checked luggage** could not be located at the **carousel** for a **waiting period** equating to a minimum of 30 minutes after the **carousel** has been activated and commenced its duties for returning **checked luggage** from **your** flight and a proof of loss receipt containing a PIR has been given to **you**. **We** will make an automatic payment of £50 to the bank account or the PayPal account that **you** registered with **us**.

### If your checked luggage is subsequently found

We will send **you** an SMS text message containing an update and where possible **we** will tell **you** when and how **your checked luggage** can or will be returned to **you**.

### If Your checked luggage remains missing

If **your checked luggage** cannot be located within 48 hours of **you** reporting it delayed or lost on the 'Smart Luggage' website and for which **you** have received a proof of loss receipt containing a PIR **we** will send **you** a SMS text message confirming **your checked luggage** is accepted as lost and **we** will make an automatic and final payment of £500 to the bank account or the PayPal account that **you** registered with **us**.

This will conclude **your checked luggage** claim for this **trip** and no further action is needed by **you** in this instance.
